Seacourt members can book all courts via ClubSpark, except Real Tennis. Payment will be taken from the member's card who booked the court, unless all players names are entered into the booking. If you are playing with a non-member, their higher cost will be taken from the card of the person who booked the court, unless they pay at reception on the day of play **and preferably in advance of play**. Any blank spaces in bookings will be charged as a non-member. Courts are available to book **by members** 7 days in advance.

To book for real tennis, members of the Tennis and Rackets Association can use the RTO system. **This gives them access to Seacourt and all other UK real tennis courts and book up to 4 weeks in advance.** Members who do not have this facility, can book via [realtennis@seacourt.com](mailto:realtennis@seacourt.com) and by contacting Drew or Will. Court fees will be taken from the member's card who booked the court, unless all players' names are entered into the booking. If you are playing with a non-member, their higher cost will be taken from the card of the person who booked the court, unless they pay at reception on the day of play. Any blank spaces in bookings will be charged as a non-member.

**To register for ClubSpark, members need to have completed a GDPR form and will be given an access code.** Staff are happy to assist, if anyone requires help to understand or access this process, but will be doing less of the booking.

Enjoy your games!
